Software installation

Important action required with 2021.00 release

Due to structural technical enhancements in the release 2021.00 all users with a valid license will need to make a re-installation of the Delphi Technologies DS software.

Please first make sure your license is VALID, then visit:

dso.my-delphi.com

Once the new **2021.00** release is available, download the new installation program.

If you do not make this re-installation you will not get access to 2021.00 and/or any of the subsequent releases.
