

# Delphi Technologies

## DS license enhancements

Unlock your full business potential

# Pioneering **product portfolio**

Vehicle electronics & Engine management

Maintenance solutions

## **Workshop Solutions**

Diagnostics, test equipment, training & technical support

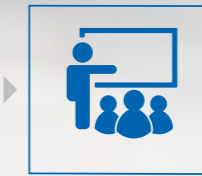

Gasoline fuel systems

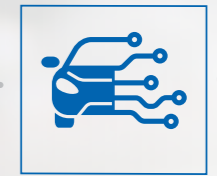

Diesel fuel systems

# On vehicle electronic diagnostics Providing the full service solution

**Comprehensive training**

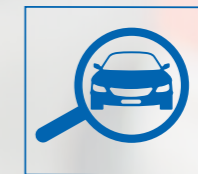

**Extensive system coverage**

**Technical service**

**Market intelligence**

**Advanced diagnostic solutions**

# Advanced diagnostic solutions... ...discover the DS software journey

2019

## DoIP function

is compatible with the braking and engine management systems on many JLR and Volvo models.

Car coverage

2020

## FCA security gateway access using DS diagnostics:

Clearing DTC, resetting Service Information | Component activation  
Programming adaptations | All other functions

## DoIP faster system search function

and an additional support of 60+ different system types

HD coverage

## LIVE notifications

New software feature

## ADAS solution launch

Dynamic calibration included in annual license

2021

## Battery VOLTAGE

New software functionality

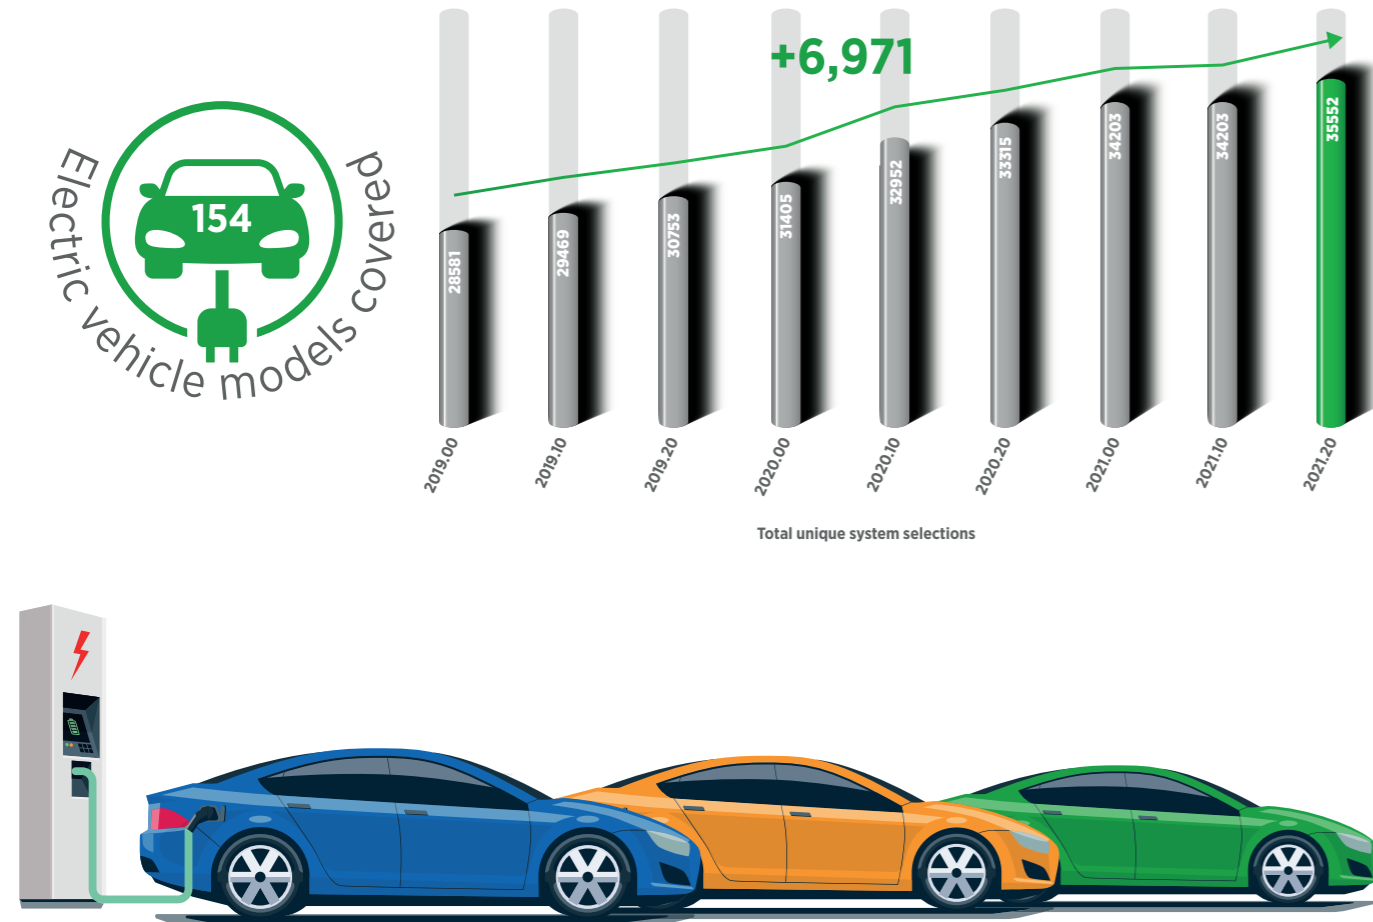

HEV coverage

## Mercedes and Smart security gateway access

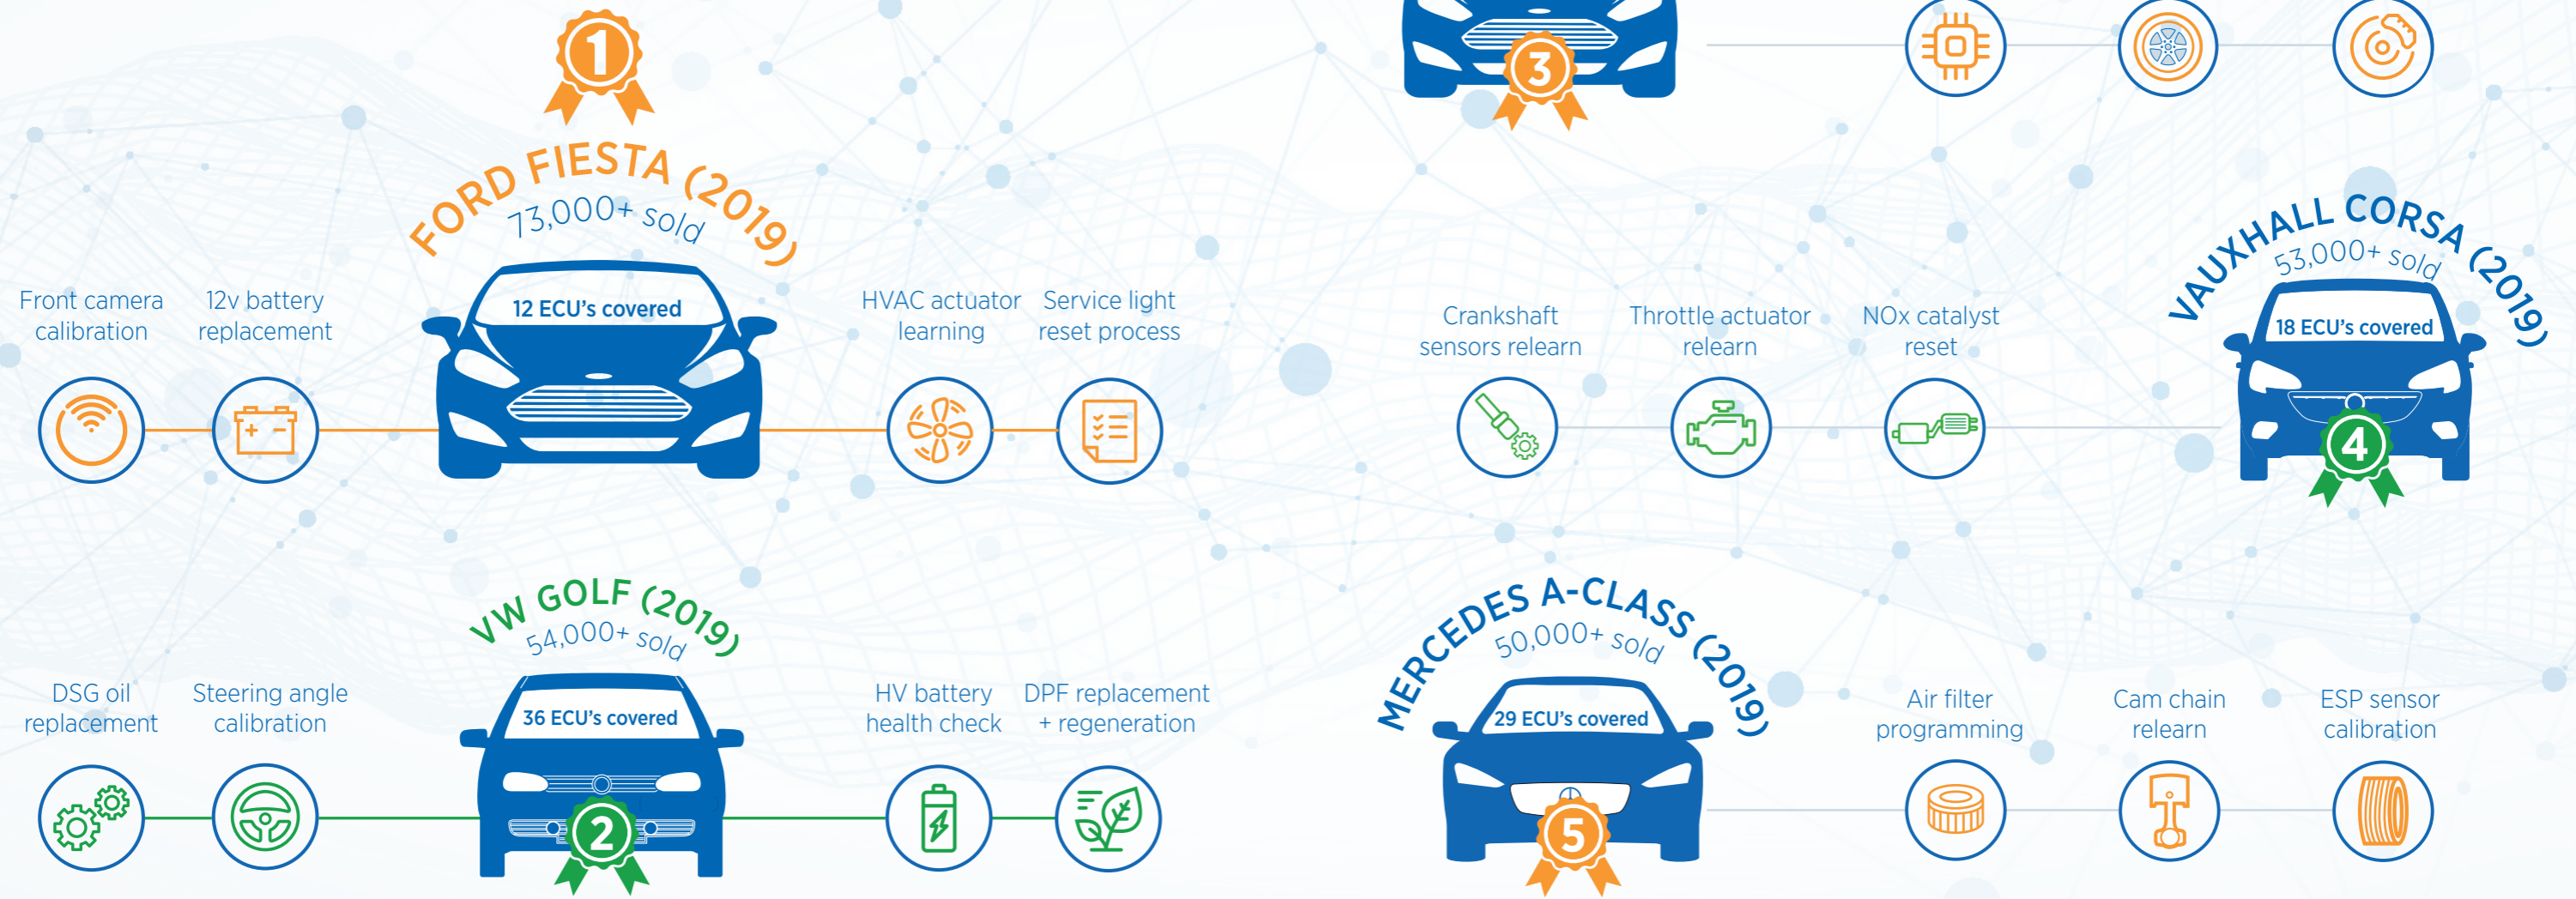

## Passenger car and Light Commercial Vehicles Coverage enhancements

## Heavy Duty vehicles Coverage enhancements

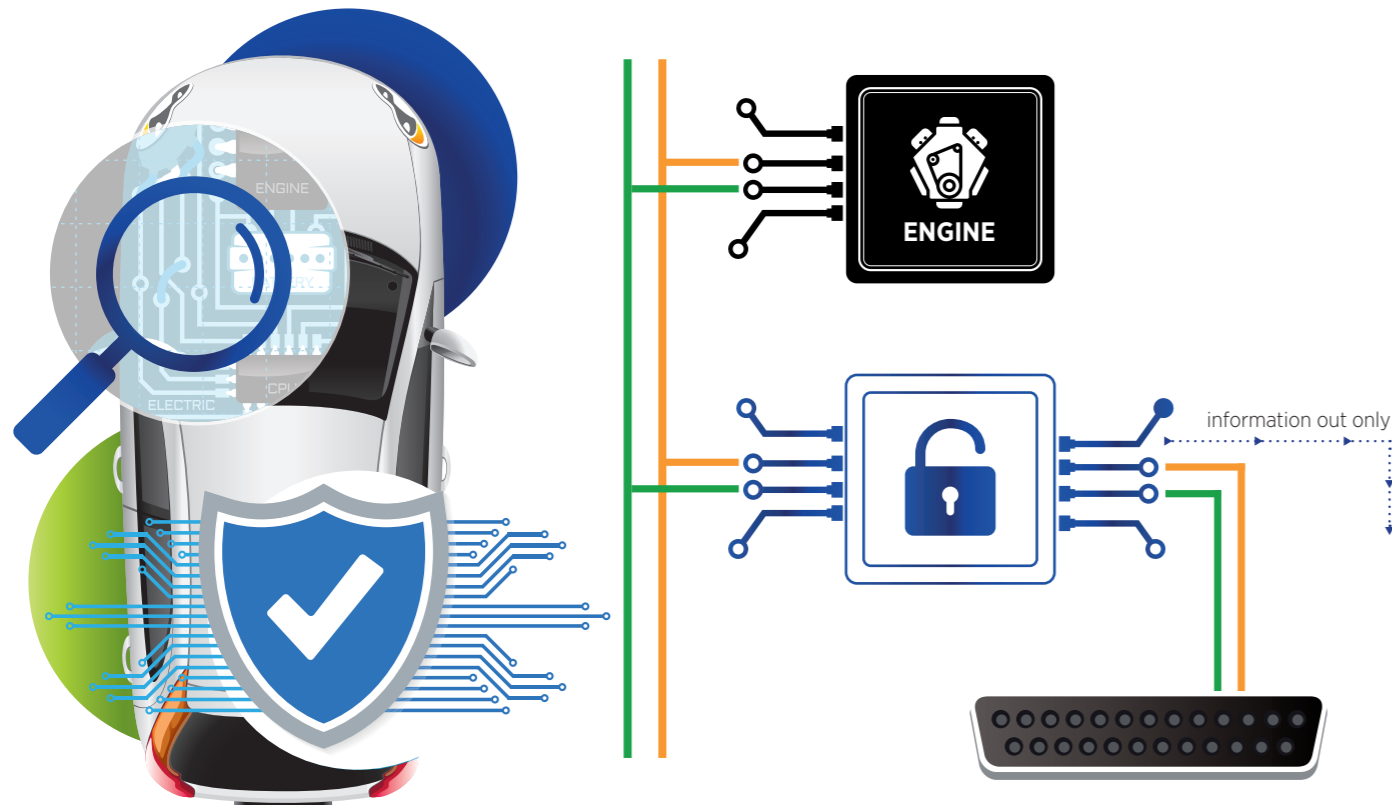

# Ready for the Aftermarket... ...UK top selling cars in 2019\*

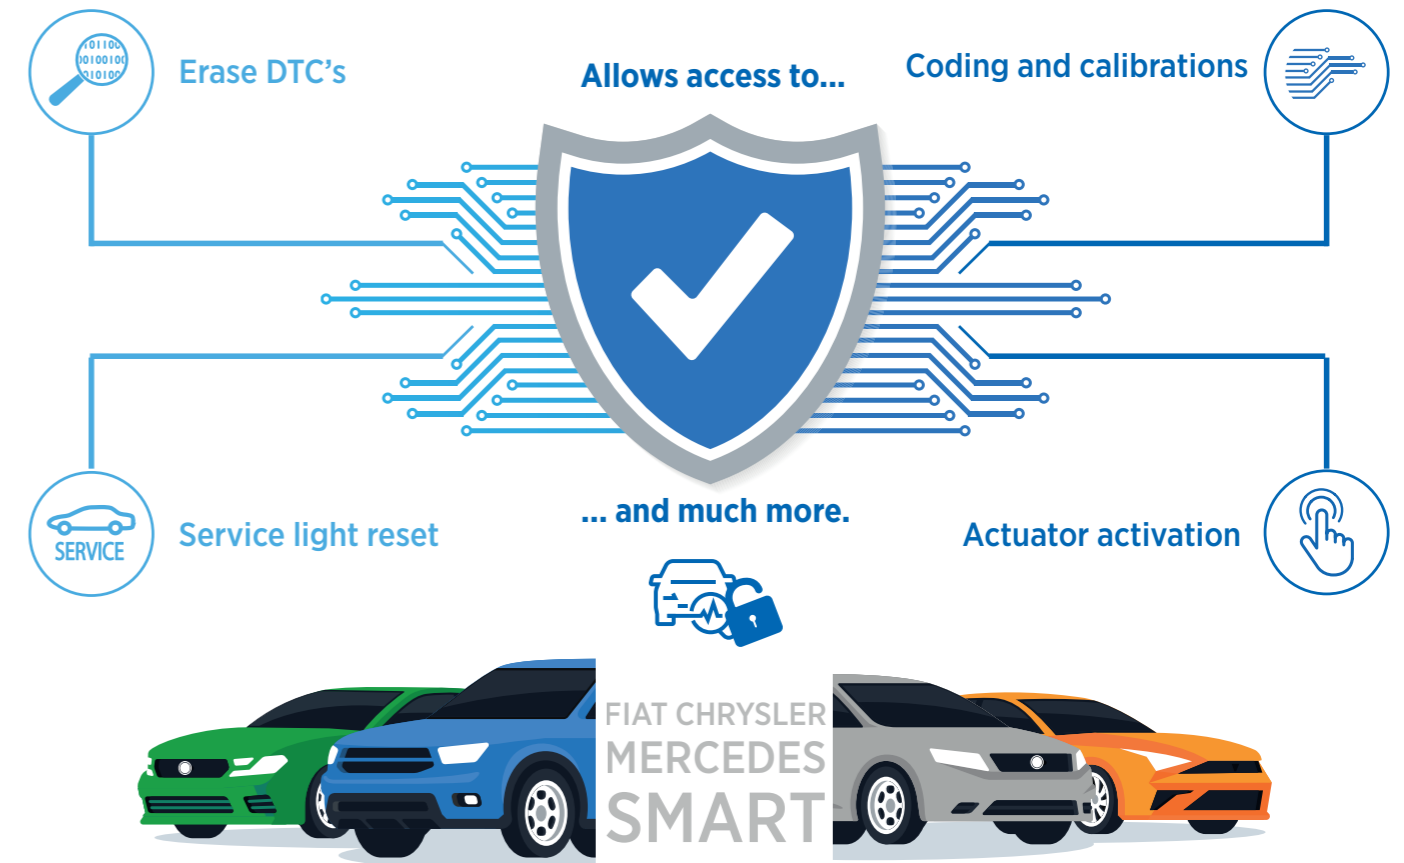

# Security Gateway ... what is it?

Certain vehicle manufacturers have implemented a secure gateway module to protect safety critical ECUs. The access to some diagnostic functions is restricted and requires registration and authentication through an approved service.

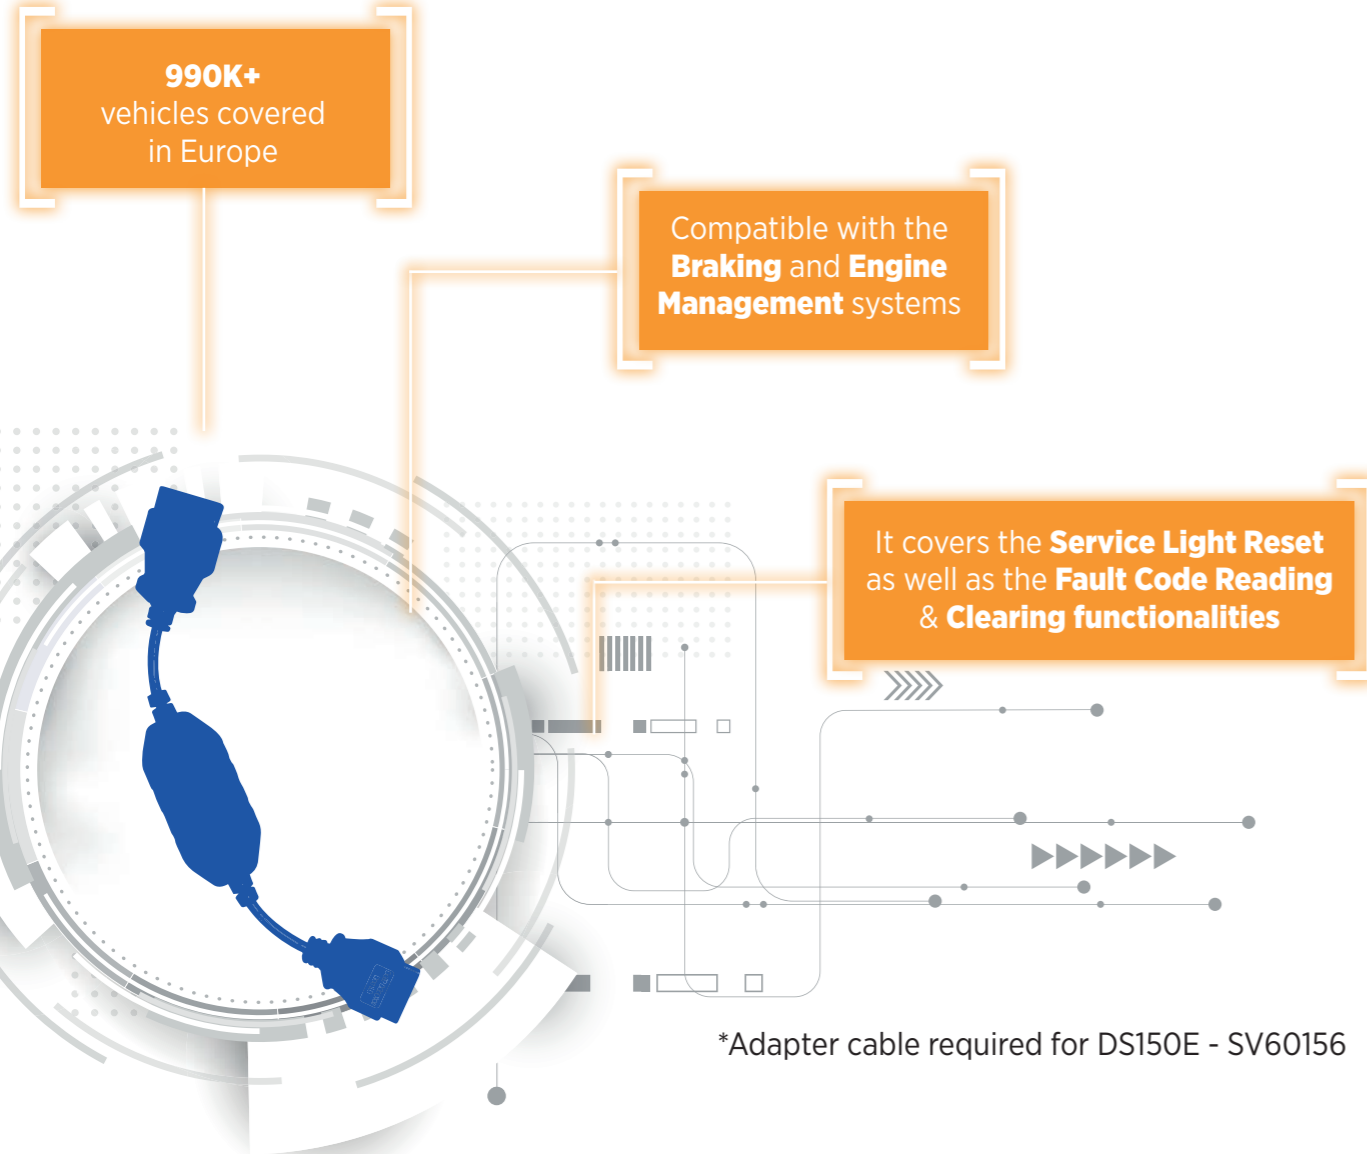

# Security Gateway Access to the full capability

DS software grants access to protected functions and full diagnostic capability for the latest **Fiat Chrysler Automobiles, Mercedes** and **Smart** vehicles fitted with the **security gateway**.

# DoIP - Diagnostic over Internet Protocol\*

## Continuous coverage evolution
